Rules of the House:

No. 1 Rule: Enjoy your stay! We are so glad you are here to enjoy this home and fill it with laughter and memories!

Our home offers you:

There are three bedrooms. The master bedroom has a queen size bed and its own bathroom/dressing room plus a view of the pool. The other two bedrooms have full sized beds and a shared bathroom with a pocket door to keep noise down from the family room. There is a family room (with cable & WiFi), a breakfast nook, fully stocked kitchen (just bring your own food and take or discard leftovers when you leave), a formal dining room (please use the beautiful dishes in making your memories), and a living room/gaming/computer room with a printer. There is the screened in pool and patio area which includes a grill as well. The back yard is fenced.

We have kept the rental price down for our friends and families and so we do not employ a cleaning service. If you opt to or are not able to clean before you leave you will have to pay the **\$75 cleaning fee** please.

We ask you to treat this home with respect and care so that it can continue to be available to all who need to step back from the everyday and refill and renew!

We insist that there be **NO SMOKING** AND **NO CATS** as many people are critically allergic to them, even to smoke/hair left behind! If you bring dogs, please do not allow them on the furniture and please clean up the 'puppy poo' left behind.

We ask that you please clean up the facility before you leave so that it is ready for the next family.

Please put the trash dumpster out Wednesday evening for an early Thursday pick up.

Whatever food you bring, please take home or toss in the garbage by the curb when you leave.

There are linens for every room in the nearest closet. There is a washer and dryer there as well. Please strip the beds and wash all sheets and towels before you leave. If you cannot get them washed, dried, and put away before you need to leave the house, then know we will have to charge you for that as a cleaning fee to have someone come in to do this.

There are cleaning products in the laundry room. There are cleaning products in the bathrooms as well. There should be plenty of toilet paper, paper towels, and soaps. However, if we are low in such items please let me know so I can replenish them for the next family.
